Overall, if you need a basic phone to text or call on, this is great. I haven't seen many other low cost phones with qwerty keyboards and it feels like a good, solid phone that's unlikely to break if sat on (this is always something I need to take into account). BUT if you're buying it as a blackberry/smart phone replacement, I wouldn't advise it.

I've been thinking of getting a T-Mobile Vairy Text phone because it looks quite similar to a Blackberry and seems pretty good but I've read some reviews and a few people have complained about not being able to hear people clearly in a phone call and the wallpaper automatically changing by itself. Also, this phone does not come with a usb cord for downloading media off a
